HAPPINESS FIRST

. . . ALL ELSE FOLLOWS

The members of the Executive Staff of The Training School, left to right, seated: Dr. Mortimer Garrison, Jr., Chief Psychologist; Miss Clara K. Meiser, Matron of Boys; Dr. Walter Jacob, Director; Mrs. Alice M. Nash, Educational Consultant; Clifford P. Lockyer, Superintendent; Thomas B. Keener, Business Manager. Standing: Angelo Perri, Menantico Farm Supervisor; Mrs. Jean Zimmerman, Head Nurse; Harold W. Smith, Jr., Director of Public Relations; Mrs. Catherine Mongeluzzo, Dietitian; Henry E. Renne, Farm Supervisor; and Dr. Harold A. Delp, Coordinator of Educational Activities.

MR. B. L. ENGLAND

REPORT OF THE PRESIDENT OF THE BOARD OF TRUSTEES OF THE TRAINING SCHOOL AT VINELAND

It is my pleasure once again, to be selected by the Board of Trustees to report for them at this, the 68th Annual Meeting of the Association. It is a privilege and honor to do so.

The Trustees first, of course, express sincere thanks to our Director, Walter Jacob, and each of his associates for the accomplishments of the year. They are deserving in all the credit, and in their teachings, the following of the School's one rule:

"Happiness First
All Else Follows"

The passing of Guy Bible left great sadness, yes — but also thankfulness to him for his leadership and training of others who will endeavor to follow his principles. These principles are, to me, expressed so clearly in a hymn you all know:

Help us to help each other, Lord,
Each other's cross to bear;
Let each his friendly aid afford,
And feel his brother's care.
Help us to build each other up,
Our little stock improve;
Increase our faith, confirm our hope,
And perfect us in love.

All reports at Annual Meeting dwell on Earnings Improvement; Control of Expenses; Adequate Maintenance; and Proper and Intelligent Planning. I can quickly report The Training School enjoyed all of these.

But more important in our work is the increase in interest in the objective to improve and expand research and training. We are thank-

ful to see this interest increase to an extent not before realized. This interest, and rightly so, has spread all over the country. Much will come of this.

You will be interested to know that we were able to work out with the State Board of Control of Department of Institutions and Agencies, a committee from that Board and our Trustees to consider policy matters between the State and the School. So far, it has been successful.

The services of Hammond Associates, with offices in New York City. have been secured for the purpose of fund raising. The Financial Advisor to our Financial Committee is J. & W. Seligman & Co. with the Tradesmens Bank in Vineland as Custodian of Securities.

The Property and Building Committee with the engineering advice of Gibbs and Hill, reviewed all bids and approved repair of fire damage to Garrison Hall. The insurance appraisal of the building is $33,000 including furnishings. Repairs are to be started immediately.

Our thanks go to Union 210 of IBEW for their time and help that was donated in the wiring of the south feeders at the Menantico expansion and to Mr. Ole Hansen and his company in Pleasantville, whose generous assistance in black top surfacing of the drives on the school grounds, is truly appreciated.

With documentary films of the Atomic Bomb tests, we are beginning to have a better understanding of people from the stories and anaylses of the tests. There is less fear from nuclear reactions and I am reminded of a sign in a newspaper office which reads:

> "Don't be afraid of the H-Bomb, there is so much confusion here that the H-Bomb could not possibly penetrate it."

We are almost beginning to agree that humanity's need is not for more "brain power" but for more LOVE. The material progress of the "haves" makes it imperative that they help the "have nots" to help themselves to a more satisfying life. To listen to the "still, small voice" and obey its command to love one another, is to rise above the "shock waves" from Bikini — to rise above the limitations of material thinking. It is this expression of LOVE which will expand the activities of The Training School and give to many, the benefits of

"Happiness First — All Else Follows"

Thank you,

B. L. ENGLAND

REPORT OF THE BOARD OF VISITORS OF THE TRAINING SCHOOL AT VINELAND

During the past year, the Board of Visitors has continued its activities of previous years as defined in our Constitution and By-Laws, doing those things which to us are the heartbeat of The Training School at Vineland.

We continue to make our monthly visits to the School, trying to bring understanding, encouragement and appreciation to the house parents and children. Noting the needs in which we might help and noting also the improvements which are so commendable, ever trying to measure and evaluate that intangible something which sets this School in a class apart.

Our most rewarding activity as individual members of the board, is the care of a certain number of children assigned, at our request, to each one of us. Some may not know that there are children here who do not have living relatives and it is our privilege to be a family — to remember Christmas, birthdays, holidays, special treats and warm the hearts of these children with the knowledge that they also belong to someone in particular who loves and cares for their welfare and happiness.

The board continues the subscriptions to nineteen magazines for the use of the staff and children.

Last year we established a memorial for a beloved member of our board who was killed in an automobile accident — Mrs. J. Gurney Sholl was the embodiment of all of the fine things for which The Training School stands and the Board felt the presentation of a memorial book, to add to the library each year, would keep alive, for those of us who follow, this fine tradition.

This year we have added another project. Anyone who has had the very close association the members of the Board have had with the staff and house parents of The Training School, is impressed with the fact that the service rendered by these persons, not only to the children already at the School, but to generations yet unborn, cannot be paid by money. To do this faithful and unselfish service one must be dedicated to a cause. We are indeed fortunate that there are so many in this School who feel this sense of dedication and have stayed on to render service far beyond the duty assigned to them. The Board of Visitors wishes to recognize their great contribution to the progress of the School and the welfare of the children by presenting a little token of its appreciation. Therefore, each year a pin or clip will be presented to each employee who has completed 15 years of service with the School, with Mrs. Wadsworth, whose father Dr. Olin Garrison was the first director of the School, and Mrs. Ernest Manser, member of the Board, presenting these awards.

May we take this opportunity to congratulate the Parents Association for the fine things they do for The Training School; the Board of Trustees for their farsighted planning and great progress being made.

We are grateful to Dr. Jacob and the Staff for their tremendous contribution to the progress being made and their courtesy and helpfulness to the members of the Board.

We are grateful for the opportunity of having a small part in this work, which cannot be measured by material standards.

Respectfully submitted,

THELMA PARKINSON SHARP

June 13, 1956

WALTER JACOB, Ph.D.

REPORT OF THE DIRECTOR OF THE TRAINING SCHOOL AT VINELAND

TO THE ASSOCIATION OF THE TRAINING SCHOOL:

Submitted herewith is the annual report of the Director of The Training School for the period June 1, 1955, to June 1, 1956.

Besides reporting on accomplishments of the past year, I am tempted to review the past ten years, since it was ten years ago on this occasion that I came to The Training School. However, we have often reviewed progress since those days and surely all of us realize in many ways that we have not slipped back in program, structure, or finance during that period. That, of course, would be the major concern of any follower of an eminently successful leader such as Edward R. Johnstone. The "Professor" had taken the torch from the hand of our energetic and illustrious founder, Reverend Olin S. Garrison, at the turn of the century when we were but about a dozen years old and had added and broadened our scope of endeavor during the next half-century in a way that made following him a most difficult act if one were to try to keep up the outstanding pace of progress which he had maintained. I fervently hope we may approximate the success which he enjoyed.

But today we assemble here to review the happenings of the past year. I will not enter into many statistical reports on clinic cases, crops, or other quantitative items. These will be assembled for the Annual Report with today's reports in the September issue of The Training School Bulletin. Instead I will mention the highlights of the year's events.

First I, too, wish to express my deep personal loss and that of every child and staff member at the passing of Guy P. Bible, past president of the Board of Trustees. If ever a newcomer looked for and found guidance from a Board of Trustees it was I, and from Guy Bible I re-

ceived far more than might have been expected. We think of him again today as he looks down upon this gathering and we know he extends his blessing to each of us here.

Early in the summer we were aware of the large number of parents who made inquiries concerning admission of their children. During the previous year and a quarter, we had been very conscious of a drop in this activity and wondered whether it might have been caused by the growing number of special classes in the public schools, but the persistent pressure on us since then for bed space has been most encouraging and has made this an academic question. We stand today with the largest number of private children in our history, a figure that continues to rise. Evidently the State will find more room for its children in its own institutions as a result of the many beds added following two $25,000,000.00 bond issues for institutions during the past five years and the recent opening of the Edward R. Johnstone Research and Training Center at Bordentown. We will maintain ourselves in readiness to assist the State with those cases which it feels can be aided more readily in our program. Meanwhile the aforementioned demand on our services by private parents will be able to be met more satisfactorily as more beds become available.

We have felt, of course, the practical difficulties of remaining well staffed as have all organizations, and feel that the record shows a considerable success although by no means entirely gratifying in locating competent workers where we needed them. Our major change in staff occurred a month or so ago when our Superintendent since 1951, Daniel F. Graham, took the position as head of the Magnolia School in New Orleans. He had worked hard and effectively during those years and we all miss him greatly and wish him every success. Clifford P. Lockyer, Supervisor of Cottage Life, advanced to the Superintendency.

We also, in November, lost our Public Relations Officer, Jack MacDonald, to the Woods School in Langhorne, Pennsylvania, who had been with us since 1951. We also wish him every success in his new position. The year brought with it the film presentation on Dave Garroway's TV program which we expanded to an 18-minute film for use with our newly constructed exhibit, another addition, and lately the 28-minute TV film produced through the efforts of our parent, Mr. Charles Christensen, frequent director of March of Medicine programs of the National Broadcasting Company, entitled "Into The Sunlight" which we are busily sending to interested TV stations.

We received another grant of $1500.00 from the Ray and Charles Newman Memorial Foundation to repeat the five day Parent-Consultant Workshop of last year. The National Institute of Mental Health granted for the third year monies making a final total of $27,217.00 to Dr. Satter to complete the study on "The Growth of Patterns of Intellectual Functioning in Retarded and Normal Subjects" begun in 1953. The National Science Foundation awarded Dr. Clausen $11,900.00 for a study on "Psychophysical Problems in Electrically Induced Visual Sensations (Phosphenes)." Mr. Schuyler C. Wells, Sr., a parent, contributed $10,000.00 for the establishment in the Laboratory Building, of an experimental psychological laboratory to be known as the "Osborne Wells Experimental Laboratory", in honor of his son. The construction of this is proceeding at present.

We successfully established an enriched summer program which attracted a number of children evidently on vacation from other schools that closed during the summer months. This year's enrollment for the coming summer program already is greatly increased over last summer. We seem to be supplying a definite need in this endeavor.

There were added to the Educational Program two more nursery classes to provide further service in that area and to the Hospital staff, a Laboratory Technician and Electroencephalographer. A Medical Advisory Committee consisting of Dr. Hilton Read, Internist and Director of the Ventnor, New Jersey, Diagnostic Center; Dr. Joseph Stokes, Jr., Director of the Children's Hospital, Philadelphia; Dr. Abraham M. Ornsteen, Neuropsychiatrist and Professor at University of Pennsylvania Medical School, and Dr. William T. Fitts, Jr., Surgeon of Philadelphia; was appointed to guide us in our general health program.

Publications during the year included:

Satter, George—"Psychometric Scatter Among Mentally Retarded and Normal Children"—The Training School Bulletin, June 1955, 52, 63-8.

Delp, Harold—"Education of the Mentally Retarded; Philosophy and Orientation", The Training School Bulletin, October, 1955, 52, 135-148.

Delp, Harold—"How Many Exceptional Children in your School," School Executive, November 1955, 75, 52-53.

Delp, Harold—"Interpretation and Report to Using Personnel", The Training School Bulletin, January 1956, 52, 231-236.

Delp, Harold—Editor, "Symposium: School Diagnosis of the Mentally Retarded", The Training School Bulletin, January 1956, 52, 217-230.

Gottsleben, Robert H.—"Pseudo-Mental Deficiency Resulting from Childhood Aphasia, A Case Study"—The Training School Bulletin, February 1956, 52, 239-249.

Clausen, Johs—"Some Recent Studies on Visual Sensation Resulting from Electrical Stimulation", The Training School Bulletin, April 1956, 53, 31-35.

Butler, Alfred—"The Relationship of Cephalo-Pelvic Disproportionate Dystocia to Intellectual Development of The Child", The Training School Bulletin, June 1956, 53.

Schlanger, Bernard B.—"An Investigation of Brain-Damaged Retarded Children with Delayed Oral Language and Speech," The Training School Bulletin, May 1956, 64.

Mrs. Alice M. Nash was interviewed by a feature writer of The Readers' Digest for a forthcoming article on Tim Hanley as an "Unforgettable Character" in her life.

Last summer two two-week institutes were held for teachers on "Program Planning for Teachers", one for educable children, (June 20-July 1) and one for trainable children (July 5-July 16). Two more will be held this summer (June 18-29 and July 2-14) as will another five-day Parent Consultant Workshop (June 18-22) for representatives of Parent groups.

The year had many happy parties, visits to ball parks, Atlantic City Steel Pier, local circus and the like. The addition of the 4-H program has brought many delightful experiences to our boys and girls. Our pet lambs, goats, and rare breed chickens won many ribbons at the Atlantic County Fair. All our meat chickens are being raised under this program by our boys.

A representative from Rutgers Agricultural College, Mr. Raymond P. Korbobo, came down to advise us on the improvement of our landscaping. Our new garbage disposal machine is in operation. This grinds all garbage to a mash which is odorless, does not attract flies, and is a good fertilizer.

Bleeker Cottage renovations have been completed following a fire a year ago. Insurance adjustments on the Garrison Hall fire on January 21, 1956, are about completed and work should proceed shortly. Our children and staff are to be commended on the orderly manner of exit from the motion picture show they were attending when smoke was detected. The new Director's cottage was completed for which the Director is most grateful.

Because of dry weather all but the late farm crops were poor last year. This year we have started off with much rain and not much heat, resulting in crops not too good. Through the good offices of the Atlantic City Electric Company, considerable electric wiring at Menantico and on the main campus was done with labor contributed by local unions, engineering advice on the Garrison Hall fire damage and on a new package oil burner for the Power House was received from Gibbs and Hill, Engineering Consultants in New York City, and a most advantageous price for the repair of our roads so sorely needed was obtained from the Ole Hansen and Sons, Incorporated, Construction Company of Pleasantville, New Jersey. We had almost given up the idea of ever being able to put these roads into decent shape again. Our coal consumption through the efforts of Robert Werry, local coal dealer, and our own powerhouse engineer, improved consistently. We spent for steam per thousand pounds of coal, in 1953-4, 48.5¢; in 1954-5, 44.5¢; and in 1955-6, 44¢. An enlarged telephone switchboard has also been installed.

Financially we have had a good year. We have been able to attack some of the renovations and replacements so seriously needed, such as beds, furniture, roads, swimming pool filter, etc. We were overjoyed to receive the $3,678.18 from the New Jersey Federation of Women's Clubs as their annual contribution toward our Vineland Research Project. In addition to this, Mrs. Wilson Y. Christian, immediate past State President, turned over a check of $628.00 to us for the purchase of a tape recorder for our Speech Clinic and a new motion picture screen, to replace the one which was damaged in the Garrison Hall fire. This check came from the donations of many of her friends throughout the State clubs at the end of her term in appreciation of the work she had done. We think this is a very generous gesture indeed.

This is a record of some of the accomplishments of the past year. There were many more. It is no one man job. Every employee is to be praised for his or her part in making these advances possible. They have worked well together. I must also repeat my thanks to our Trustees whose guidance shows in all these advances. Their foresightedness and the aggressive leadership of President England makes all this possible.

Our Board of Visitors continues to add that personal touch in their concerns for our children which is so necessary to the maintenance of the basic spirit of love which has been the trademark of The Training School for 68 years.

We are very fortunate in our Trustees, our Visitors, and our staff and know that the year ahead is a very bright one because of their consistent interest and efforts for our children.

Respectfully submitted,

WALTER JACOB

CERTIFICATE OF INCORPORATION OF THE TRAINING SCHOOL AT VINELAND

(As amended April 4, 1913 as a non-profit institution)
(Original certificate of incorporation granted June 6, 1888)

This is to certify that we do hereby appoint ourselves together under and by virtue of an act of the Legislature of New Jersey, entitled "An Act to Incorporate Associations not for Pecuniary Profit," approved April 21, 1898, and of all and every, the supplements thereto, and to this end do we by this certification set forth:

FIRST: That the name and title assumed to designate such Association is "The Training School at Vineland, New Jersey."

SECOND: The purposes for which this Association is formed are the study, care, training, maintenance, and education of those whose minds have not developed normally.

THIRD: The place in this State where the purpose of such Association shall be carried out is Vineland, in the County of Cumberland, and State of New Jersey.

FOURTH: The number of the Trustees of such Association is sixteen *(Increased June 14, 1950 to twenty-one)*.

THE BOARD OF VISITORS OF THE TRAINING SCHOOL AT VINELAND

STATISTICS

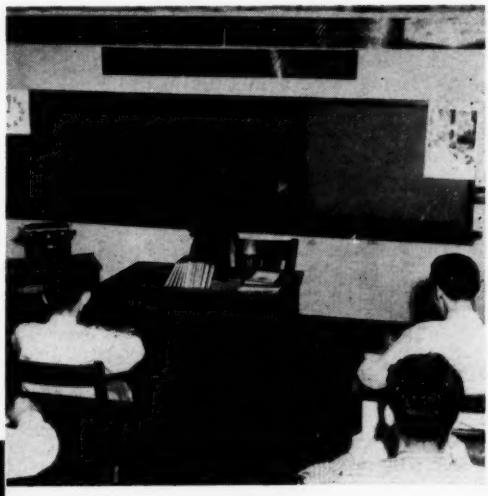
"Happiness First . . ." A warm-hearted house mother, a melodious piano, and the cheerful voices of our girls form an unbeatable combination on a dreary rainy day. This was one of the many informal activities supervised by the Cottage Life Department. The formal program included 433 parties and club meetings for the boys and girls; 25 movies; more than 130 trips and special events; and innumerable scout and 4-H club programs.

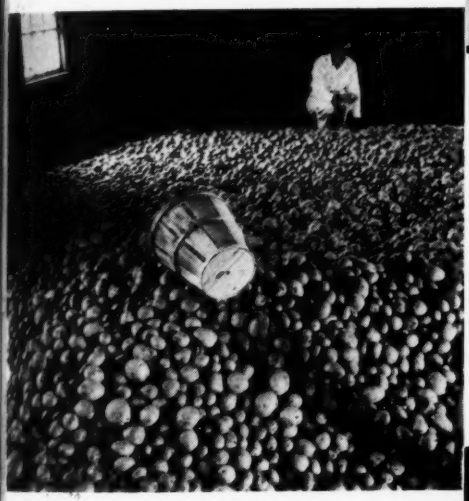
"Say Ahhh!" The happiness that reigns over all else at The Training School is manifested by the healthy child. Our Chandler Hospital has modern equipment and competent professional personnel to care for our children. Admissions to the hospital during the past year topped the 400 mark, while clinical treatments numbered well over 10,000. Vitamin injections, blood tests, vaccine administrations, etc., accounted for another 2,500 visits to the hospital.

Clinical Treatment and Basic Research are two of the principal aspects of The Training School's program for the children. The electroencephalograph is only one example of the modern equipment used by professional personnel in treating the children and conducting the possibilities in preventing retardation and treating the condition after it exists. The research program has been increased in scope during the past year, with the new psychology research laboratory nearing completion. In the clinical department, visits totalled over 700 and the average number of therapeutic treatments was seventy-three.

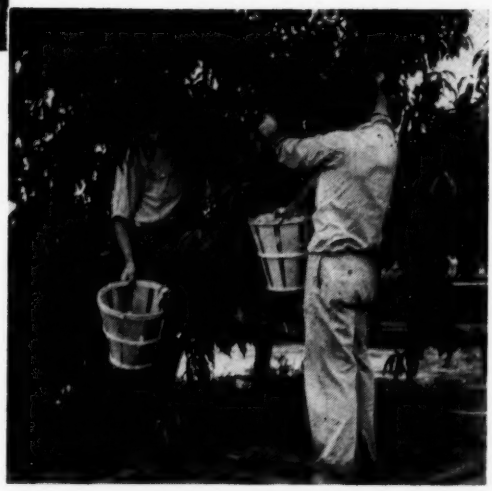
IN ACTION

"Read'in and Writ'in . . ." Each phase of The Training School's program combines to form an effective team, and one of the strongest members is education. The School's faculty works patiently with the children to give them a formal academic background. During the 1955-56 academic year, 252 children were enrolled in our School.





Thousands and thousands of potatoes! The farm at Menantico annually yields tons of vegetables, meat, and fowl. Last year, for instance, the farm gave us over 1,500 bushels of corn, over 9,000 pounds of asparagus, 23,060 pounds of chicken, 37,000 dozen eggs, and 940 baskets of those delicious Jersey tomatoes!



Some of the orchards at Menantico are as old as The Training School itself. These young men are picking some of the 436 baskets of peaches that were delivered to our tables from the farm last year. The orchards yielded an abundance of almost every type of fruit imaginable, including 1,454 bushels of apples, and 5,443 quarts of cherries.

ADMISSIONS TO THE TRAINING SCHOOL AT VINELAND

Children may be received from any state or country, subject to the approval of the Admissions Committee.

The Training School accepts children of either sex over two years of age whose potential level of maturity is estimated to be a mental age of at least six years. Those with additional handicaps such as neurosis, psychosis, epilepsy, loss of sight, hearing, or speech, or grossly crippled will be individually assessed from the standpoint of whether The Training School can provide a satisfactory program for them.

The parent should request that physicians, schools, clinics and others who have known the child send reports of their opinions and findings to The Training School. Information blanks from The Training School should be filled out by the parents. These enable the Admissions Committee to determine generally whether a program might be set up for a particular child. Usually, if feasible, a visit with the child is then desirable. All children accepted enter into a three month observation and diagnostic period for which a separate contract is issued. In some cases parents may be asked to enter into several days of consultations.

If possible, as a result of this diagnosis, a program is designed to fit the needs of the individual child. If this is acceptable to the parent, a contract is offered for the child's continued residence at the School.

Further periodic mental, social, and physical examinations, ordinary medical attention, and entertainments are a part of our regular work, and no charge is made except for extraordinary items.

The annual tuition fee covers all supplies, school, and shop materials. Clothing is provided by parents. Toys, books, games may be sent, also spending money for store, special parties and outings. (Glasses, dentistry, operations, special medications, special accommodations and special therapies on an individual or small group basis are examples of extra expenses.)

SUMMARY OF THE YEAR'S ACTIVITIES

1955-56 was another excellent year in the growth of The Training School. The forward progress of the School is reflected in the activities of the campus.

Through their clubs and activities planned by the Cottage Life Department, our children had a wonderful and enjoyable year. In the Fall, the boys and girls formed a 4-H club, with cooking and sewing for the young lasses, and the more masculine hobbies of woodworking, electrical crafts, poultry and livestock sections, for the boys. The boys, under the guidance of Clifford P. Lockyer, our new Superintendent, went to work immediately and by the end of November had won a prize at the Atlantic County 4-H Fair!

The annual Halloween program was held this year in Garrison Hall. The children wore colorful costumes, presented a skit, and ended the program with a community sing. This holiday spirit continued through Thanksgiving and into Christmas, when the boys and girls entered into the spirit of the holiday with their programs. Christmas shopping in Vineland, visits to Santa Claus, and the participation of our children in the Tiny Tim Fund project for needy children, served to heighten the anticipation of Christmas Day itself. The boys and girls sang carols with the Tiny Tim group, and the ancient Yuletide melodies were heard daily from the famed tower of Garrison Hall. Christmas Day came and with it many gifts from parents and friends of the children.

Throughout the year the children were taken on trips to various places of interest, and with the advent of summer and warmer weather, trips to the seashore, picnics, camping trips, hot dog roasts, and swimming parties were daily occurrences, culminating a year dedicated to the maxim, "Happiness first . . ."

In the construction area, work is rapidly progressing on the renovation of Garrison Hall, moving debris, painting, etc. The School's

landmark will be ready for use by the children when the schoolbell rings this month. Another major construction project is the Osborne Wells Research Laboratory in the Psychology Laboratory Building. The new research center will be completed sometime this year. You will hear more about that in a later issue.

One of the highlights of this past year was the annual Vineland Day, sponsored by the New Jersey State Federation of Women's Clubs. The afternoon showers did not dampen the spirit of the day, and the holiday reflected the great amount of work expended in preparations by Mrs. John Kerrigan and her committee. Our children presented a band concert and exhibitions of their work, while reports were presented at the luncheon by the President of the Board of Trustees, President of the Board of Visitors, and The Training School Director.

The Federation presented the School with a generous check for $3,678. A special gift was given the School as a tribute to Mrs. Wilson Y. Christian by the Women's Federation, for her years of service to the organization. Member-clubs throughout New Jersey raised $628 and made it available to Mrs. Christian to give to her favorite charity. Mrs. Christian chose our School, and a much-needed tape recorder and movie screen were purchased.

During this year, a new film was produced for The Training School under the direction of Mr. Charles Christensen, of the NBC-TV "March of Medicine" program. The 27-minute film presents in non-technical terms the modern approach to training mentally retarded children. It describes the various avenues along which retarded children may be developed. The film, entitled "Into The Sunlight," has been produced primarily for use on television, but it will be available for showing by clubs, et al, on a rental basis.

The Menantico Farm, long an important part of The Training School, observed its forty-third anniversary in July. A program of band music, community sing, and refreshments was held, and brief talks were given by Mr. Angelo Perri, our Farm Supervisor; Dr. Walter Jacob, School Director; and Mr. Clifford P. Lockyer, School Superintendent.

The School's Annual Day was held in June, and our children presented a program similar to that of Vineland Day, but with fairer weather! Following the annual reports, awards to members of our staff with 15 or more years of service were made by Mrs. Williard Garrison Wadsworth, daughter of our founder, Rev. S. Olin Garrison. A number

of pins were given, and those with the longest service were: Mrs. Alice M. Nash, education consultant, 56 years; Miss Nellie Starkey, celebrating her golden anniversary with The Training School; and Hugh Kelly, our bandmaster, 46 years of service.

Two teacher's institutes were held this summer, with teachers attending from 12 states and Canada. Dr. Harold A. Delp, School Education Coordinator, supervised the program, assisted by members of our staff and visiting lecturers. Another successful institute held this summer was the session for parents. The parents journeyed here from a six-state area to attend the institute, sponsored by the Charles and Ray Newman Memorial Foundation of New York. The care, training, education and development of the retarded child were considered during the sessions, in late June.

COUNTRIES AND STATES REPRESENTED IN PUPIL POPULATION AT THE TRAINING SCHOOL

California	5	Michigan	2
Canada	5	Nebraska	2
Central America	1	New Hampshire	2
Colorado	1	New Jersey	248
Connecticut	7	New York	84

THE ASSOCIATION OF THE TRAINING SCHOOL AT VINELAND

The Constitution, as amended June 10, 1953, provides for the following conditions of membership in the Association:

1. Any person who shall pay or cause to be paid to the Treasurer of the School *Five Dollars* or more shall be an *Active Member.*
2. Any person who shall pay or cause to be paid to the Treasurer of the School *Five Hundred Dollars* or more at one time shall be a *Subscribing Member.*
3. Any person who shall pay or cause to be paid to the Treasurer of the School *Five Thousand Dollars* or more at one time or within a period of five years shall be a *Patron.*
4. *Honorary Members* may be elected at any time by the Association, thereby conferring upon such members all the privileges of the Association.
5. The Governor of New Jersey is by terms of the Constitution an *Ex-Officio Member* of the Board of Trustees.

The following list includes all contributors to The Training School between June 1, 1955 and June 1, 1956.

HONORARY MEMBERS

The Honorable Robert B. Meyner ..... Trenton, N. J.
The Honorable Charles Edison ..... West Orange, N. J.
Miss Emma Cadbury ..... Moorestown, N. J.
The Rev. and Mrs. Robert E. Chandler ..... Wellesley, Mass.
Dr. and Mrs. Walter S. Cornell ..... Overbrook, Phila., Pa.
Col. and Mrs. D. Stewart Craven ..... Salem, N. J.
Dr. and Mrs. William J. Newlin ..... Amherst, Mass
Dr. Louis Nusbaum ..... Philadelphia, Pa.
Dr. and Mrs. Angelo Patri ..... Paterson, N. J.
The Honorable William Read ..... Merchantville, N. J.

PATRONS

Atlantic City Electric Company ..... Atlantic City, N. J.
Mr. and Mrs. Guy P. Bible ..... Daytona Beach, Fla.
Mrs. Herbert E. Blair ..... Stony Point, N. Y.
Estate of Ellison Elmer, Legacy ..... Berwick, Pa.
Estate of Mrs. John Freeman, Legacy ..... Newark, N. J.
Estate of Helen F. Hill, Legacy ..... Vineland, N. J.
Estate of Katie M. Olhaber, Legacy ..... Cincinnati 2, Ohio
Estate of Clement W. Shoemaker, Legacy ..... Lewisburg, Pa.
Estate of Howard Vanaman, Legacy ..... Paulsboro, N. J.
Mr. and Mrs. Richard J. Walsh ..... Perkasie Pa.
Estate of Walter Wood, Legacy ..... Millville, N. J.

SUBSCRIBING MEMBERS

Estate of F. Bacon, Legacy
Estate of George Wood Bacon, Legacy
Mr. and Mrs. Guy P. Bible ..... Daytona Beach, Fla.
Mr. and Mrs. George Brewer ..... New York 16, N. Y.
Mr. Ernest Eger ..... Atlantic City, N. J.
Mr. and Mrs. Morris Feld ..... New York 1, N. Y.
Charles A. Frueauff Foundation, Inc. ..... New York 5, N. Y.
Garden State Construction Co. ..... Atlantic City, N. J.
Mr. and Mrs. Charles C. Haas ..... Norwalk, Conn.
Julia R. and Estelle L. Foundation ..... Buffalo, N. Y.
Mr. Michael Kaplan ..... Brooklyn, N. Y.
Mr. Bayard L. England ..... Atlantic City, N. J.
Mr. J. Gibson McIlvain ..... Philadelphia, Pa.
